Electronic Voting

- Voting takes place electronically using a third-party platform

- Each eligible, registered voter gets one vote

- We will use Assembly Voting for this election

  - Votes are anonymous and encrypted

  - Voting requires two-factor authentication

  - You can verify the encryption of your vote

  - You can verify that the system has recorded your vote

  - The Bulletin Board logs all activities for transparency

How can you vote?

- All registered voters will receive two emails when voting opens

  - One email with their unique link to the voting platform

  - One email from the RIPE NCC with the voting registration number

  - Do not share these emails!

- Click on the link to the voting platform and enter your voting registration number

- Select the candidate of your choice and submit your vote!

A step-by-step voting guide is available:
